

# WHAT TO BRING

## SELF CONTAINED CABIN GUESTS

All linen and bedding is provided, as well as towels and kitchen equipment. You even have your own set of tennis racquets and balls, mini golf clubs and balls, and life jackets for boating on the lake.

### SO WHAT'S LEFT TO BRING?

**CLOTHES** - old clothes, dark colours! A warm jacket for nights, good closed in shoes, a hat and sunnies.

**BIKES** - we encourage adventure and independence in kids, and bikes are a great way to encourage this and to get around the large property.

**SUNSCREEN AND INSECT REPELLANT** - you are going to be outside and in the bush. Enough said.

**FOOD** - BBQ basics, plus the essentials - **MARSHMALLOWS** and ingredients for damper (self raising flour, water, butter and jam). The kitchens are fully equipped, with oven, microwave, hot plates and fridge, but from our experience it's so much easier (and fun) to eat BBQs and damper... breakfast lunch and tea!

**BOARD GAMES** - if the weather is better for ducks, or the sun has set, a board game is a fantastic way to bring your group together for a fun time in. You don't often find time for good old fashioned quality time together, so make the most of it and show off your superior charade skills, or clean up in Monopoly. Jenja, UNO, Twister, Connect Four, Mouse Trap, Trivial Pursuit, Cluedo, Scrabble... you'll almost be wishing for it to rain!

**TORCHES** - night time adventures are encouraged. Spot the nocturnal wildlife, play night time hide and seek, go for a night bush walk, see the world in a different light!

**A CAMERA** - such a fun time away needs to be captured on camera. Just imagine if you missed the shot of your partner falling into the lake as they climbed out of the boat?! Or the huge smiles on your children's faces as they gain the courage and zip down the flying foxes?

**A SENSE OF FUN AND ADVENTURE** - get outdoors, explore, spend time together, run, jump, climb, watch the stars, relax. Have fun!
